

PRESSURE INJURY PREVENTION

ConformX[®]

Visco-elastic foam mattress range

A layer of visco-elastic foam provides support to the patient for pressure redistribution. The ConformX range was specifically developed with patient comfort and pressure injury management in mind, and provides a 24 hour solution.

ConformX Range

The ConformX range has been designed to provide a 24 hour care solution. The range includes a mattress replacement, mattress overlay and seat cushion. The ConformX range is available in various sizes and is easy to maintain due to the durability of the cover and foam.

24 Hour Care Package Seat cushion available

Overlay System - A mattress overlay is also available and is easy to install

Safe and convenient for patients and carers

Designed to provide effective pressure redistribution.

The ConformX mattress replacement is available in multiple sizes and has been tested for X-Ray translucency¹ and is suitable for CPR². In addition, the overlay includes corner securing straps for extra security.

Cover features

- Ultra two way stretch
- Vapour permeable
- Water resistant
- Infection Control is aided by Antimicrobial properties in the cover material
- Non slip silver base
- Easy to clean and maintain
- Concealed zip
- Clearly marked covers with TurnTable® guide and washing instructions

MEMORY FOAM
Gently moulds to patient's body

CONCEALED ZIP
The cover has a concealed zip designed to help improve infection prevention protocols

SUITABLE FOR PROFILING BEDS
Suitable for use in the gatched or supine position

SILVER BASE MATERIAL
Offering non slip properties

TurnTable Guide - All ConformX mattress replacement systems carry the TurnTable Guide

Specifications*
