

Acionar e libertar o travão

Abrir e fechar as pernas

Articular as almofadas

Presilhas de fixação da funda

Limpeza e desinfeção

Limpe com um pano húmido, usando água morna e um agente desinfetante.

Também podem ser utilizados toalhetes desinfetantes, impregnados numa solução de álcool isopropílico a 70% v/v. Esfregue o elevador vigorosamente quando utilizar os toalhetes.

Não use fenol, cloro ou qualquer outro tipo de solvente que possa danificar o acabamento.
