

Instruction for digital participation in Arjo AB's (publ.) Annual General Meeting 2021

As a precautionary measure to limit the risk of spreading of Covid-19 and to safeguard the health of our shareholders, employees and other stakeholders, there will be no opportunity for physical participation at this year's Annual General Meeting ("AGM") in Arjo AB (publ.). The shareholders will be provided the opportunity to attend the AGM remotely digitally via computer, phone or other internet-connected device and/or by postal voting. The shareholders will, if they so wish, be provided the opportunity to appoint a proxy to represent them at the AGM or to give notice of advisors to participate. Further information about postal voting can be found in the notice of the AGM and at www.arjo.com.

PRACTICAL INFORMATION FOR DIGITAL PARTICIPATION

Notice of attendance

For digital participation in the AGM, the instructions regarding notice of attendance in the notice of the AGM shall be considered. Your participation card containing your unique username and password will be sent to you by post or email (where applicable) after your notice for attending the AGM has been received.

Proxies

Shareholders who wish to be represented by proxy on the digital AGM have to give notice of this and submit a power of attorney in accordance with the instructions in the notice of the AGM. Your participation card with your unique username and password will then be sent to the proxy as soon as the notice to attend the AGM and all required authorization documents have been received by Euroclear Sweden AB.

Advisors

Any advisors (no more than two) shall be registered for participation within the same time and in the same way as instructed in the Notice of the AGM. The participation card with your login details for the registered advisors will be sent to the shareholder to forward to each advisor.

Nominee-registered shares

In order to attend the AGM, shareholders with nominee-registered shares should, in addition to give notice of attendance digitally or by postal vote, ensure that the shares are owner-registered for the shareholders name to be listed in the shareledger on Monday, April 19, 2021. Such registration can be temporary (so-called voting right registration) and you request the nominee for temporary owner registration in accordance with the nominee's routines within the time the nominee decides. Owner-registration completed by the nominee no later than Wednesday, April 21, 2021 will be considered when the shareledger is produced.

DURING THE MEETING

Voting

If the voting opens for a specific item, the voting icon will appear on the bottom of the navigation bar on the screen. Click on the option that corresponds with the way in which you wish to vote, “**For**”, “**Against**” or “**Abstain**”. Once you have selected your choice, you will see a message on your screen confirming that your vote has been received. If you make a mistake or wish to change your voting instruction, simply click the correct choice instead. You can change your voting instruction until the poll on that resolution is closed by the chairman of the AGM.

Shareholders who have previously voted by post and want to participate and vote in the digital AGM

Shareholders who have given notice of their attendance in the digital AGM can always choose to vote by postal voting as described in the Notice of the AGM and still attend the digital AGM. The postal vote will still be valid unless the shareholder during the AGM chooses to participate in any digital voting, whereby the digital vote will prevail the previously submitted postal vote on that specific item.

Shareholders who wish to ask questions before the meeting can submit their questions to Arjo AB (publ.), Att: AGM matters, Hans Michelsensgatan 10, 211 20 Malmö or by e-mail to AGM@arjo.com.

If you would like to pose a question in the AGM, select the Messaging Icon and type your message within the chat box at the bottom of the messaging screen and then click the send button. To ensure a well-structured procedure, the questions will be received by a moderator who will sort and categorise the questions before the questions are sent to the chairman of the AGM.

The procedure for questions, voting and access to the AGM-presentation will be explained further by the chairman of the AGM at the AGM.
